Memorandum For: Director of Data Processing

From: Allen R Elkins
Director of Finance

Subject: WANG Personal Computers

[Redacted]

The other day when I mentioned some of the problems Compensation Division is having finding and/or developing applications for their WANG personal computer you offered assistance. Two things would be useful immediately. Firstly we would be appreciative of a contact point within your Staff with someone who is familiar with the WANG PC and the applications thereof. We would like to use this individual as a consultant from time to time on technical and conceptual questions. Secondly we would welcome any "leads" which you or your staff can offer on training currently available for the WANG PC and its applications. WANG is to develop such training as soon as feasible but to date has been able to offer only the most rudimentary type of course.

I'd like to thank you both for the offer and the valuable help which I know will follow therefrom.

[Redacted]

Allen R. Elkins
